“ His brother David always affectionately called him "Mikey" around us. Michael was always honest with me; I appreciated that greatly. I'll never forget him taking me out in the Florida forest to destroy the quiet with his ace M1 Garand marksmanship. And he took me to The Rutledge Community to meet Mr. Latt, a great man. I'm sorry to have not caught up with him again in the past 26 years. My condolences to Michael's family.
